

Yorkshire & Humber

## Did you know that there are a number of **FREE** support days that your manufacturing business is entitled to?

### Manufacturing Consultancy and Support

MAS, the Manufacturing Advisory Service is offering support to manufacturers in the Yorkshire and Humber area.

MAS can arrange and pay for a MAS approved specialist to visit you and identify actions that you can take to enhance your business competitiveness. Eligibility can be checked quickly and easily, by contacting us and through the completion and submission of a simple form.

### MAS Manufacturing Review

**100 % funded** by MAS, this review can be the start of an improvement journey, for your business.

Completed by an experienced manufacturing professional, the review takes place on your site, including a tour of the premises and discussions with key personnel to ensure all manufacturing issues are included within the review.

Upon completion, you will receive a full written report, highlighting any actions that we feel you should address and advice to develop your business for the future.

MAS will and can support you further, should you want additional support, to plan any changes or improvement projects.

### MAS Focussed Manufacturing Review

A natural follow on from the one day review, this review focuses upon one element of your business and provides you with free advice, enabling you to plan and develop your business.

**100 % funded** by MAS, this further review can move an idea from paper into actions.

Company Registration No.: 3825393 and VAT Reg. No.: 679 0668 82.  
Registered in England. Registration address: 9 Dock Street, Hull, HU1 3DL

### Ten Day Intervention

Offering specialist assistance to your business, over a period of ten days, a MAS expert can guide you and your team through a programme of change.

MAS offer a **75% grant subsidy\***, providing your organisation with an opportunity to make a real difference to your efficiency and increasing your ability to meet company objectives.

### Thirty Day Strategic Intervention

Providing businesses with strategic support and advice, through the creation of a detailed business plan, written by a MAS specialist, after a period of five days spent with the Senior Management Team.

The remaining time is allocated to implementing the recommendations of the business plan, paving the way for future growth and development.

This scheme is also supported by MAS by a grant subsidy,\* making this an affordable method of improving your business.

### What Now?

Contact Kerry Wainman on 01430 440079 or Emma Sparling on 01724 279499 to find out more about the **FREE** reviews and MAS funding.
